The Carino collection, in addition to its remarkable aesthetic appearance, is UV resistant and can be used outdoors. It is compatible with the decors of the Top 20.

FINISHES

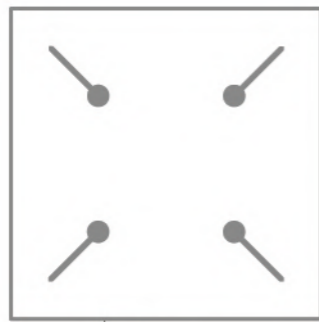

FIXING SOLUTIONS

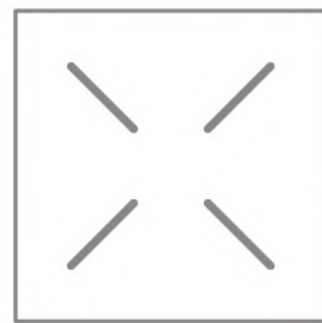

Fixing 1

Installation of inserts for M6 screws

Fixing 2

The secure mounding system using grooves milled on one side allows the tops to be fixed to all conventional bases without drilling. Groove length 200 mm.
> Special bolts provided.

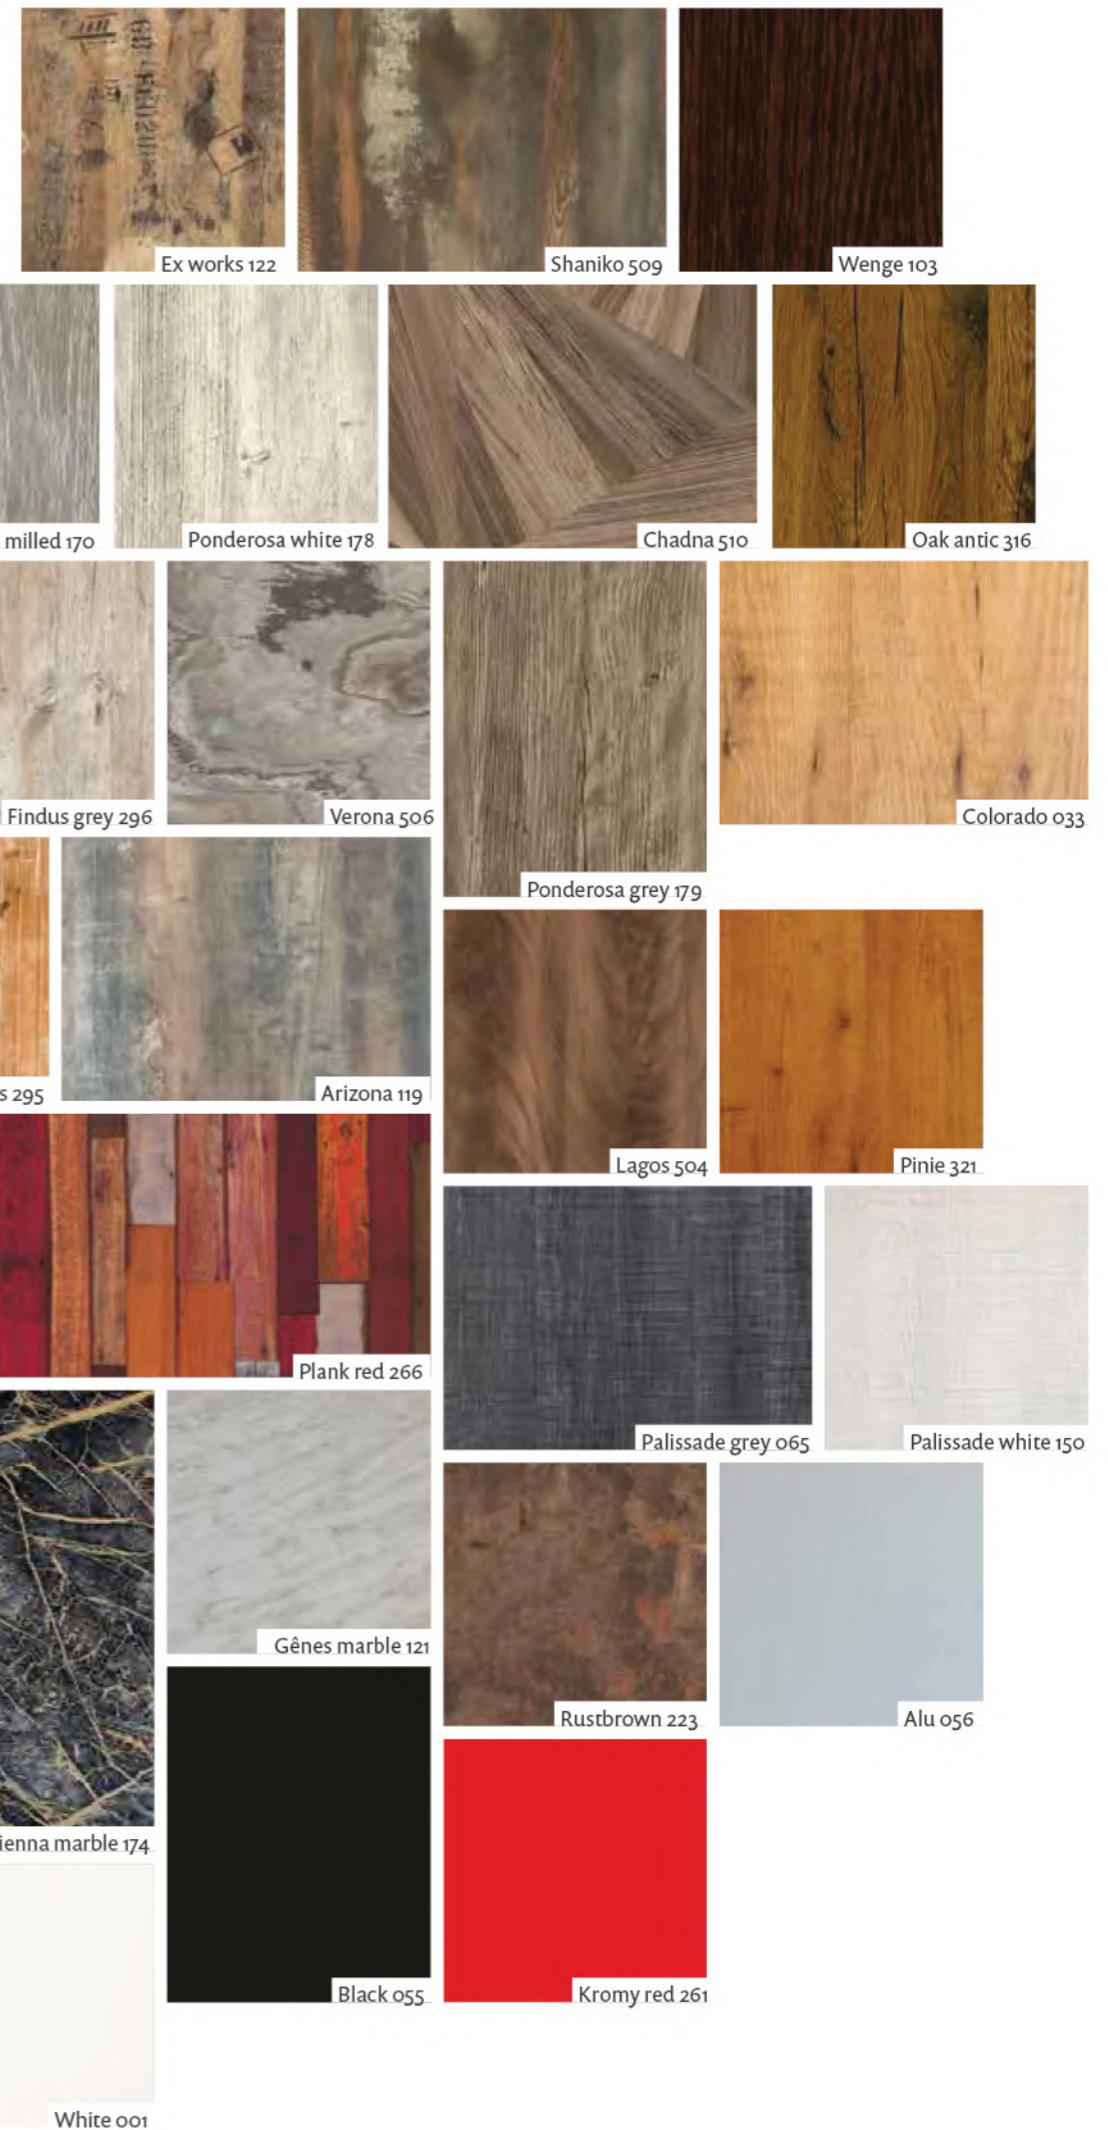

Fixing 3

The Eco fixing system consists of a 10 mm wide rail, in which we fix the bases using special 6x12 screws.
> Screws included.
> Only available for 10mm Carino

SYNCHRO

The realism of the wood grain ribs and Halifax oak knots are eye-catching, while creating the most authentic decor in line with the furniture trend in appearance of solid wood. => It works well with a combination metal, glass or stone. The ST37 Feelwood Rift synchronized pore surface structure coincides exactly with the grain of the decor and adds a tactile effect close to reality.
